To Discuss Flood Waters
In East Arlington

Selectmen will meet Monday with a representative of the Metropolitan District Commission and Reps. Gott, Buckley, Doncaster and McEvoy and Sen. McDermott to study the flooding of lowlands along Alewife brook and Mystic river in Arlington. Representatives from Woburn, Winchester, Medford and Somerville have also been invited to attend the meeting.

The condition is said to be caused in part by antiquated equipment at Craddock Dam in Medford Center.

Commissioner Greenough of the M.D.C. will not be able to attend the conference due to a broken wrist and injured leg, but Benjamin Fine, director of the Division of Parks and Engineers will attend.

It has been pointed out that the M.D.C. appropriated \$30,000 in July last year for study of the Spot Pond drainage system in Melrose and Stoneham. The services of consulting engineers were obtained to assist in making studies and preparing a report regarding improvements which should be made there, it is understood. If a similar study were made here, recommendations could be made to the legislature which would lead to permanent alleviation of flooding conditions in Arlington, it is felt.

Local action on improving this situation was begun Oct. 1, 1954, when the Town Engineer made an investigation. Since then the Manager and Selectmen have been seeking the ear of the M.D.C.

Wild Ride Ends
Inside Store

Two Cambridge youths were brought to the police station here Friday evening at 9:43 p.m. after a wild ride in a stolen car which ended when the vehicle crashed into a building at the corner of Massachusetts ave. and School st.

Both juveniles have been under the jurisdiction of the Youth Service Board, the 16-year-old having been brought in several times on charges of drunkenness, and the 15-year-old for burglary and stealing cars.

One police authority is reported as saying that "enough leniency has been shown these lads and they should be sent away."

Police Give Chase
State police first saw the pair in a speeding car at Appleton st. and the Concord turnpike, heading toward Concord. The youths made a right turn at Child's Gas Station and cut over to Massachusetts ave., followed by state police. They turned right on Massachusetts (Continued on Page 12)

Town Hall 'Scouterall'
Opens Boy Scout Week

National Boy Scout Week, the Arlington version gets underway with a "Scouterall" at the Town Hall on Saturday afternoon and evening, Feb. 5, featuring an exhibition of scout skills and cub crafts, with the added attraction of senior scout seamanship from the Sea Scout Ship. Eleven Scout Troops, ten Cub Packs and the Sea Scout Ship—1202 boys—will be represented by 23 display booths at the Town Hall.

Troop 68, sponsored by the St. Paul's Lutheran Men's Club, and Cub Pack 53, recently organized at the Russell School, will make their initial appearance as they are welcomed to Arlington scouting. The Scouterall marks the "kick-off" of what promises to be a most active observance of Scouting's 45th Anniversary.

Boy Scout Sunday
Boy Scout Sunday, Feb. 6, will find the scouts and cubs observing it in their own churches with the usual Communion Breakfasts for Pack and Troop 7 at St. Agnes and for Pack and Troop 13 at St. James. Scouts of Troop 8 will divide their allegiance, some serving as ushers at the First Parish church, while others remain on duty at their own sponsoring Pleasant Street Congregational church.

Troop 6 is to have the honor of concluding the observance of National Boy Scout Week in Arlington this year with a special program of its own at noon on Sunday, Feb. 13, at the First Baptist church to which representatives of all other scouting units in the town are invited. Those scouts who have not run out of enthusiasm after a full week's activities plus attendance at the annual Sachem Council Scouters Banquet to be held at Lexington High school on Saturday evening, Feb. 12, are also invited to attend. Guest speaker will be Daniel R. Pinkham, of Lynn, past president of the Bay Shore Council and first local Council president in the world to have been a scout himself—to have literally "come up through the ranks".

Harris Bill On Overtime Is Heard

Last Thursday at the State House, George A. Harris, chairman of the Board of Selectmen, appeared before the Committee on Public Service on a bill (No. 941) regarding police and firemen overtime in emergencies. He was accompanied by Town Manager Edward C. Monahan and Selectman Thomas R. Rawson.

Also present from Arlington were Patrolman Virgil Wagner and Firefighter Charles Doherty, representing the police and firemen of Arlington.

The bill, introduced by Harris through the Massachusetts Selectmen's Association where unanimous approval was recorded, is to allow regular police and firemen of towns and cities of the Commonwealth to be paid for services above and beyond regular duty in the two hurricane episodes of last year.

"Quirks" In The Law
"Various quirks in the state

statutes bar some towns and cities from such emergency payments," Harris declared. "The Harris bill unravels this and legalizes payments for services performed."

In his statement to the committee, Harris said, "It is most unjust to allow towns to pay many categories of workers overtime and yet, by another law, bar such payments to police and firemen. These men, who must always be considered as risking their lives should, at the very least, be on a par with all other town employees. We want more home rule, in this case, than the law allows."

Sections Not Consistent
Manager Monahan then discussed the reimbursement to Arlington of such funds as referred to in the Harris bill, from state appropriated hurricane funds. He said, "One section says it can be reim-

Voters May Register At Evening Sessions

Local residents who wish to vote in the town election on March 7 and who are unable to register during regular business hours at Town Hall now have an opportunity to do so at evening sessions.

Persons who possess the necessary qualifications may register tonight, Feb. 3, at the Highland Fire Station or at the Hardy school from 7:30 to 9 p.m.

Registration facilities will also be open evenings on Monday, Feb. 7, at Peirce school and at the Park Circle Fire station; on Wednesday, Feb. 9, at Cutter school and Junior High East; and on Tuesday, Feb. 15, at Town Hall.

It has been reported that at last Tuesday's registration no applicants appeared at Locke school and only one at Russell school. As the cost of heating the building is considerable and voting officials are otherwise wasting their time at these evening sessions it is hoped that more people will take advantage of this opportunity to register.

Minister Gives Sermon On Life Of Jesus

"Jesus was killed to silence his threatening truth," said the Rev. George J. W. Pennington, Pastor of the Universalist church, in last Sunday's sermon, "Facts of the Life of Jesus".

Three other facts in His life on which the sermon was structured were "righteousness and concern for persons were inseparable in the life of Jesus; Jesus' methods were those of sharing in an endeavor, not of pulling ahead alone; Jesus worked with the resources that were available to him."

The sermon to be delivered by Rev. Mr. Pennington this Sunday is entitled, "Instead of a Saber-tooth", the story of the struggle to be oriented to the present, with New Testament references, data from geology and a legend from anthropology.

St. Camillus Tops St. James, 53-48

The St. Camillus Seniors ousted St. James 53 to 48 at Junior High West last Thursday night.

The St. Camillus Juniors also wrestled a 57 to 48 win away from Immaculate Conception of Winchester in the preliminary contest.

Dick Mullen and Paul Cochran were the two opposing players who sparked plays with their rebound work. The contest was out of balance during the second period when St. Camillus rode to the fore with a 19 to 9 tally.

In the Junior game, Joe Kelley, St. Camillus right guard, was high scorer with 24 points. Young Kelley played good defense and kept Immaculate Conception boxed in. I.C. made a break in the third period to take the stanza 18 to 11.

RED & GRAY BIG FOUR who tallied all 22 points which gave Arlington second place in Class B at the State Indoor Interscholastic Track meet Saturday. The quartet captured the relay crown, running in the order pictured (l. to r.) John Murphy, Bob Muello, Don Surrette and Carl Freyer. Murphy also won the 300-yd. run with Muello only a yard behind. Surrette was 3rd in the 600-yd. run. Freyer grabbed off top honors in the hurdles. All Coach "Doc" McCarty needs is four more, just like these speedsters, to win national honors!

Boys' Club In Record

A new basketball scoring record was set by the Arlington Boys' Club when they tallied 40 points in the third period to win 84 to 60 against Waltham Boys' Club Thursday night at the local clubhouse.

Dick O'Connell, center, played the entire game and was instrumental in assuring the win. O'Connell racked up more than one third of the score alone when he sank 15 baskets for 30 points and capped his efforts with two points on free throws for a total of 32 points to high score the contest.

The game was a fairly even match until the third period when the host team drew away with a 40 to 17 split in the three quarter stanza.

High scorer for Waltham was left forward Lally with 19 points.

AHS Girls Beat Belmont

The girls basketball team of Arlington High won 30 to 21 against Belmont here Wednesday afternoon, Jan. 26.

A game of defensive tactics was responsible for the low scoring. The combination of Eileen Callahan in passing and setting up plays coupled with Pat Hanlon's work off the backboards stopped Belmont.

PLANNING PREVENTS CHAOS

With last week's announcement that civil defense authorities have agreed that the best protection in case of air attack is evacuation from strategic centers, rather than shelters, came an interesting observation from one in a high place, locally. The Town Manager commented that people should carry plenty of gasoline in their cars at all times since gas station attendants and owners "are going to rush to pick up their families."

Naturally, one needs no second thought to say that he is absolutely right.

Two thoughts occurred to us, in this respect and, we think, it behooves our local defense leaders to act at once. The two questions are a) what about the people with no cars? b) what about that precious gasoline?

People with no automobiles should be immediately listed and assigned to a nearby evacuation point—perhaps, a neighbor with a car and only two in the family. We suggest this neighbor idea, strongly. Because if a central evacuation point is set-up with a certain number of impersonal drivers assigned to pick up a group of impersonal refugees, the job will never be done.

The law of self preservation and survival is too strong to combat on an impersonal basis. But, if Mr. Smith with a 5-passenger sedan is assigned to pick up, not only his wife, but Mrs. Jones and her three children who live next door, there would be some hope of responsibility. At any event, evacuation is going to be a horrible experience. Nobody wants to think about it. It is like dealing with some unmentionable disease which we all would like to forget, rather than to come to grips with. As to gasoline, the problem is much simpler.

We suggest to the Town's leaders and our representatives on Beacon Hill that they sponsor some sort of legislation—immediately, tomorrow. This legislation would provide that gas station owners and attendants would leave their stations open and pumps working during an air raid.

The legislation would make it a criminal offense to lock up a gas station and pumps during such a raid during regular hours.

Evacuees could then help themselves to gas and oil. The legislation would also provide that the service station owners would be recompensed by the State for products taken—quite similar to the recent Hurricane aid bill.

Further, if a raid occurred after working hours—which would be a blessing in many ways—Civil Defense patrolmen should be given the keys to nearby service stations to open them. This act would only delay his flight by five minutes or so.

Whether our suggestions are practical or even advisable is open to debate. But to those who say "how can payment for gas be arranged?—how can you stop chisellers?" Our answer is that money is going to be awfully unimportant if and when we should be bombed.

The whole business is terrifying to contemplate but, we submit, the best way to lick mass hysteria is to give everybody a specific job to do, no matter how small. Hysteria stems from lack of purpose or order.

Train children to get up out of their seats, walk to the door, turn right, then left, go down two flights of steps—and a school can be evacuated in a minute. Give them no directions and they will die, piled up in front of one door with six others free.

Planning prevents chaos. Let's plan!

A NOTEWORTHY BIRTHDAY

We salute the Boy Scouts of America on its 45th birthday, now being observed during Boy Scout Week, Feb. 6 to 12.

Since its founding in 1910 the organization has enriched the lives of over 22,750,000 boys and adult leaders. Truly Scouting represents a living cross section of American life.

Boys of every race, religion and economic background are attracted to Scouting. Today we find 2,700,000 boys in its ranks. Add to that impressive figure the 960,000 adults of good character who give generously of their time and talents to serve as leaders.

Scouting's purpose, stated in the Federal Charter granted by Congress in 1916, is to promote the "ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them patriotism, courage, self-reliance and kindred virtues."

It is that training that we heartily endorse on this noteworthy birthday.

THE WORST BLOW OF ALL

As we sit at our desk over which passes countless reports of activities of various organizations, we are struck with one great omission.

One group hears a talk on books, another on arrangement of flowers, another on exploring the swamps of Georgia, another on how to figure your income tax deductions, another on a benefit bridge or country store project.

These are all good projects but what is lacking? Seldom do we see evidence of as little as ten minutes in a whole year's program devoted to the paramount problem of our place in the World.

The United Nations is not perfect but it is the best instrument yet devised for world peace and cooperation.

We hear too much of the bickering and even failures of the Security Council but what of the Specialized Agencies which have brought improvement—economically, socially and physically—to millions. And, lest we forget our selfish pocketbooks, these millions helped, while also saving our charitable aims, are present and future customers to buy our products.

We ask every president or program chairman to ask themselves, today—can you name three of the twelve Specialized Agencies of the UN?

If you do not know, does your membership know more?

Has it occurred to us all that the policy of Russia—to undermine, to confuse, to object, to veto—accomplishes its goal when organizations in this country give the United Nations the worst blow of all—ignoring it?

75 Years Ago This Week

The state of the weather during the past week has led us to hope that a few weeks of seasonable weather are to be enjoyed during the winter. The ice men are getting a little anxious, and with good reason, and we who are users of the crop they harvest, certainly have no small interest in the matter. The snow has been cleared from a considerable portion of the ponds and a few days of real cold weather will give the owners of the ice fields all the thickness that is required. A busy ice season means a large total, especially in Arlington, where thousands of dollars are distributed among hundreds of men. And it is largely among those who would not otherwise be employed.

Dr. Mason's horse went on the mile frolic with the sleigh attached to him last Thursday evening. The driver was thrown out in front of Upham's by the runner of the sleigh striking the gutter. The horse ran around the building occupied by M. A. Richardson & Co. and was stopped in the passageway by Mr. Stickney and others. No damage done and no one hurt.

50 Years Ago This Week

The Arlington Heights Tennis Club is anticipating a jolly time this Saturday. A committee composed of Mrs. Bert Currier, Miss Alta Piper and Mr. Millett Lloyd has arranged for a sleigh ride to the Wayside Inn in Sudbury, where supper will be served. Dancing and a general good time will follow.

In view of the fact that Arlington has in the recent past been given a sort of a black eye, financially, and suspicion regarding her finances might not be considered unreasonable in monied circles, treasurer William A. Muller is rather proud of the showing his annual report will bring to the attention of citizens—a balance on the right side of the ledger of \$1,543 in the interest account of 1904. The highest rate of interest he was obliged to pay was 3.67%, and a considerable sum was had at 3%. The town's financial obligations are now most satisfactorily adjusted and it is moving steadily toward that desirable goal—a lower tax rate on a normal valuation.

Many friends of Miss Margaret Patterson attended the private view of her water colors exhibited with the paintings of five other artists at the Guild of Boston Artists at 150 Newbury st.

Abutters on the El property, known as the "Tappan Farm", are getting ready, it is understood, to voice their objections to having the trolley loop built on that property. They plan to send to the Selectmen a petition opposing the plan.

Never has a Chevrolet car won greater praise for its appearance than the new Chevrolet Six... At greatly reduced prices—the roadster, \$485; the sport roadster, \$555; the coach, \$565, the sedan, \$675. (Advertisement).

IN 1945

10 Years Ago This Week

Fuel Administrator Reid has received a hundred calls from citizens in need of coal. Only soft coal was available. The town hired trucks and about 30 orders were delivered. Local coal dealers, says Mr. Reid, hold out little hope that there will be an immediate change in the situation. The coal they have ordered is tied up en route. It will be necessary for householders to continue to use soft coal.

Operators of passenger cars were warned today by the Office of Price Administration that they must have mileage rationing records to be eligible to apply for any gasoline rations. Without this important record, no motorist may be issued A, B or C supplemental rations.

TO: TM CANDIDATES

Congratulations to the public spirited citizens, 215 strong, who have finally filled the gap in the Town Meeting Member roster.

Darn these newspaper deadlines!

Last week's column which was written on Tuesday said "There may be some surprise move [in possibly more candidates] but we do not think so." By Tuesday night we got a tip and by Thursday we had proof of a new candidate.

He is John D. Craig, out for the office of Assessor. Craig is connected with a Boston firm as a printer. Also, he and his family combine to run his father's enterprise, which is the variety store in the Lake st. railroad station.

This is the first time William O. Hauser has been opposed. Bill ran without competition in '52, '49 and '46—and that's far enough back in research.

SPEAKER, AWARDS HIGHLIGHT ANNUAL LUNCHEON OF GIRL SCOUTS

"Leave your pity at home when you work with hospitalized Girl Scouts." This was the advice of Mrs. J. James Devine of Belmont, speaker at the annual luncheon of Girl Scouts Inc. held last Wednesday at the First Universalist church.

Mrs. Devine is a leader of a troop at Children's Medical Center in Boston. Starting in the orthopedic ward, they now include girls from the polio ward. When starting the troop, doctors at the hospital urged Mrs. Devine and her co-workers to "make it a real Girl Scout troop—make them earn their badges—don't give them anything they don't earn."

This policy has been followed. Tenderfoot scouts learn to set a table by arranging dishes and utensils properly on a tray. They learn about fire-building and the proper use of tinder and kindling and fuel, in bed. Dramatics highlight long recuperative periods for the girls. Nurses who were scouts themselves are eager to help and love to attend troop ceremonies.

Service Pins Awarded
Mrs. Roy Spencer, president of the Council presided at the luncheon. Mrs. James Kidder, former president, presented service pins for 30 years of Girl Scouting to Mrs. Harold

Rumor has it that the Committee to Study Pay of Part-time Elected and other officials will recommend no pay increases. This will annoy some since the Selectmen got themselves a nice boost last year.

One board, the Assessors, have always felt themselves "worth more" than the Selectmen. Formerly the Assessors got \$1200 with the Selectmen at \$600 and the Chairman \$800. Now the Selectmen get \$1200 with the chairman \$1500.

The late arrival of Berg Keshian on the scene raised the School Committee candidates to five for the 3 spots. Incumbents Allen and Porteus are seen as pretty certain returnees. Fighting for Joe Bevin's vacancy are Ashton, Kent and Keshian.

A. Yeames, Miss Mary E. LeVeroni and Mrs. John Wert.

20-year pin was awarded to Mrs. Roscoe Elliott and a 10-year pin to Mrs. William Staples.

Five-year pins were presented to Mrs. Milton Anderson, Mrs. Samuel R. Carlisle, Mrs. Raymond Cronin, Mrs. Thomas Mee, Mrs. Donald Pettee, Mrs. E. E. Schreier, Mrs. Raymond Hodgdon and Mrs. Archie Tait.

The girls of Troop 4 of the Crosby school, presented an impressive closing ceremony under the direction of their leaders, Mrs. Thomas Mee and Mrs. James Corelli.

Invited guests included: Mr. and Mrs. Clifford R. Hall, Miss Judith Stromdahl, Mr. and Mrs. Leonard Wood, Mrs. Hazel Cheever, Mrs. John K. Berry, Mr. and Mrs. James B. Dunbar, Mrs. Edward H. Kittredge and Mrs. Ernest Hesseltine.

Members of the Public Relations Committee responsible for the luncheon are Mrs. Samuel R. Carlisle, Mrs. Donald Pettee, Mrs. Paul Heeger, Mrs. C. F. Collins, Mrs. George Lea and Mrs. Edward Finnegan.

Five floral centerpieces which graced the tables were arranged by Mrs. Raymond Cronin.

United Church Women Make Plans For World Day Of Prayer Observance

Plans for a World Day of Prayer, which will be observed on Friday, Feb. 25, were presented to the Executive Board of United Church Women at its meeting in the First Baptist church on Jan. 28 by Mrs. W. A. R. Babcock, committee chairman.

An innovation this year will be to begin the service, in St. John's church, at 11 a.m. and conclude at 3 p.m. instead of the usual afternoon service. Also, the sanctuary of the church will be open during the noon hour for business people or others who may wish to enter for meditation and prayer. Thus it is hoped that a larger number of people will have an opportunity to join in this world-wide observance.

Mrs. Babcock's committee is made up of one representative from each of the 11 churches participating in United Church Women of Arlington. Members are Mrs. Albert Marryat, Mrs. William Wells, Mrs. Andrew Magnus, Mrs. Marion K. Peirce, Mrs. Arthur Birch, Mrs. Grace I.

Lawley, Mrs. George Allen, Miss Clara Wadleigh, Mrs. Sanford Lyons, Mrs. Lorimer Higgins and Mrs. Sven Svenson.

It was announced that a special committee, chaired by Miss Margaret Stoddard, will plan for the observance of World Day of Prayer by children and youth.

Two filmstrips were shown. One, "Together", presenting a general picture of the program of United Church Women throughout the country, the other, "Because Women Pray", depicting in color the home and overseas mission projects supported interdenominationally in part by World Day of Prayer offerings. The president, Mrs. Earl Bolton, stated that the filmstrips are available for use in the various churches and hoped that they would be used in preparation for World Day of Prayer.

25 representatives from the eleven churches were present at the meeting.

VOICES PROTEST

To the Editor:

Last year, contract workmen employed by the School Committee were allowed to work in the Crosby school while classes were in session. The net result was a near tragedy. The school burned down and we nearly lost a school house full of kids. Careless workmen and laxity in school rules permitting workmen to operate in the schools while classes were in session were contributing factors in a near tragedy.

After what had occurred at the Crosby school, I didn't believe that the Arlington School Committee would ever again condone or sanction work of any nature to be performed during school hours.

I was wrong. It has been called to my attention that painters are now working at the Cutter school, not only during class hours but in the very rooms where classes are in progress. Someone has a colossal nerve.

I strenuously object to work of any nature being performed in any of our schools while the schools are in session.

The time to have done this painting was during the summer vacation or during the Christmas vacation. It's about time that some of our school officials took a course in planning and common sense.

Very truly yours,
Frederick J. Romley

Dear Editor,

By whose authority or negligence are many shop-keepers along Massachusetts ave. allowed to drive and park their cars on the side walks in front of their stores.

Recently I saw a little girl skipping along the sidewalk compelled to stop and turn aside by a car being driven off the sidewalk into the street. Perhaps an unfortunate accident will have to occur before some action will be taken against sidewalk parkers.

No one should have the right to endanger children by driving on and off the sidewalks.

Sincerely,
Name Withheld by Request

THANKS

The Arlington Advocate
Arlington, Mass.

Dear Sir:

The Board of Trustees of the Robbins Library wish to thank you for all the help you have given it in the past year.

You have always graciously accepted its items for the paper and printed them in full.

Your service to it has been a service to the Town, for you have familiarized the Town with its new acquisitions in books, with its activities, and the many services it has to offer.

Thank you so much for your cooperation.

Most sincerely,
Molly F. Wood
Secretary
Board of Trustees

On My Oath... by Frank Caldwell

It's funny that you mentioned that, because I was telling my sister, Irene, the same thing, the other day. I always felt that if you needed an operation, don't put it off. It means so many more days of good health for you afterward. Go right in and face the medicine.

I did and I'm glad of it. I went to the hospital and said to the lady, I'm here for my operation. She said have you got Blue Cross. I said no I have yellow jaundice. Well, she said do you want to mortgage your house now or after the operation. I said I'm only here for a day or two. Here's seven hundred dollars. She said lay down on that day couch. I laid down and in ten minutes she said, Get up. Your money's spent. Imagine it. I said, Can't I have a room?

She showed me a room called Jupiter. It was out of this world. So were the prices. \$23 a day for a bed. Why, you can get a bed for \$1 a week at Fummersfield's, and if you miss the payments, they operate on you for nothing. I finally ended up in a Ward. Ward 16. I forgot the precinct.

As soon as I entered, everyone hollered, Hi Butch. They thought I was the new Doctor. Everyone was there for an operation. The man in the bed next to me was crazy. He kept thinking he was in a free country. Two beds away, an elderly man had knee trouble. His

stenographer sat on the wrong knee. Well, a nurse came in. I think she was trained in Hall's barber college because all she did was shave me.

I noticed a patient way down the end. I said to the nurse, what's that piece of macaroni doing in that man's nose. She said, That's not macaroni, that's a rubber tube, it's used for feeding. I went down to see the man. He was having his adenoids out. He smelt like a bunch of old dahlias.

I said is that really a feeding tube? He says yes it is. I gave him four dollars and told him to buy two more tubes. He said what's that for? I said well, ask the Doctor and the nurse to come in Sunday and have lunch with you. Just then, the Nurse said, There is a man to see you sir. I looked around and there was my life insurance man, Ed Connor. He looked at me. I looked so bad he took away his calendar.

Then they wheeled me into the operating room.

The ether was wonderful. It made you forget the charges. Besides, you meet such wonderful people when you're under ether. When I woke up, there was the sheriff with a summons. He said, Are you going to pay or not?

Next time I think I'll go to the Morgan Memorial, or else I'll cut off the hang-nails myself.

THE SAGA OF THE FOUR

(Originally written for reading at the installation of 1955 officers of Arlington Kiwanis Club, and dedicated to the newly-elected officers.)

"There may be no tomorrow," said Sal Cannistraro.
"So let's live it up for a week."
"Let's follow the swarm t'where it's sunny and warm—
"The clime here's so cold and so bleak."

So Sal Cannistraro got Johnny Spadaro
To go along on the spree,
But two weren't enough for a journey so tough—
To have fun, they'd need at least three.

So they asked Jolly Charlie, who made up the parlay,
Staying at home would be such a bore.
Said he, "I'll not go down just to fill my tummy,
"I'm going down to play gin rummy,
"And to do that, we'll need at least four."

"Gin rummy," said Dave, "Is one thing I crave."
So he went along with the plan.
And tomorrow we'll fly, Sal, John, Charles, and I
Off to the South, to a man.

But as we wander in the wild blue yonder,
Governor, Cannistraro, Schultz and Spadaro,
Like Mother Gooses' four men in a tub,
There's a moral to heed—who runs may read:
Only two belong to the Touchdown Club;
And while Kiwanis numbers three of the four,
One prefers to hear the Lions' roar;
And lest my thought be left in the lurch,
They don't even belong to the selfsame church.

No thought was given whether one had his roots in
The Latin, the Slav or the Teuton.
Just one thought—is he reglar, or is he a bore?
As off to warmer climes we soar.

Kiwanian, Lion, Catholic, Jew,
Americans all—'twould be well if a few
More of our neighbors would seek and would borrow
The brotherhood in action
Without thought of faction
Of Governor, Cannistraro, Schultz, and Spadaro.

PRaise IN VERSE

The recent news item, announcing the retirement from duty of Patrolman Charles J. Tynan, prompts me to take this form in showing my appreciation of a member of "Arlington's Finest".

Officer Tynan served for many years as traffic officer, being located at important and busy intersections, directing the safety of many thousands of young school children on their way to and from respective schools.

He did a superb job and, consequently, was known personally by both the young and old. I know he made a host of friends, so permit me to express my feelings in verse as follows:

"A Toast to a True Friend"

(Composed in appreciation of the public services of a humble police officer, Begionnaire and Gentleman—Charles Joseph Tynan.)

"Here's luck to you, friend Charlie,
You possess so many friends,
You performed your duties cheerfully,
With a joy that knows no end.
But the best of all dear Charlie,
And my thoughts of you shall be
That your pleasant ways with children
Is your wealth and that should be."

Leaders Point To Qualifications Of Charles R. Kent

The committee supporting Charles R. Kent for School Committee has announced the addition of many new supporters and the pledges of many others for further aid in the coming weeks.

"Charlie" Kent, a former Arlington High school football captain and Boston University star graduated from the Arlington school system, Boston University School of Education, attended Worcester State Teachers College Graduate Division, and is now attending Suffolk University Law School Evening Division.

Kent has been active with the youth of the town in both A.Y.A. and C.Y.O. groups. He is a member of the Arlington Lodge, B.P.O.E.

As a former public high school teacher and former member of the Massachusetts State Teacher's Ass'n., Massachusetts State Coaches Ass'n., he is well qualified to understand and deal with the problems confronting the present educational system, his supporters say.

Kent is presently employed with a Boston Insurance Firm. "With the knowledge of current business methods, he is further qualified to serve the people of Arlington as a school committee member with both educational and business experience," a spokesman said.

"It is Mr. Kent's aim to strive to develop the Arlington school system to a point where it will be unsurpassed in both its facilities and educational program."

Rare Mezzotints Shown At Library

A group of English Mezzotints from the Robbins Print Collection is now on exhibition in the Reference Room of the Robbins Library.

The mezzotint technique, which achieved its highest degree of refinement in eighteenth century England, is particularly adapted to producing delicate tones, brilliant surface textures and rich shadows. All of the great masters of the art of mezzotint are represented in the show, and the prints demonstrate the unexcelled virtuosity and dignity of their work.

The exhibition will remain on view throughout February.

Dies In Crash

Raymond Shepard, 28, of 45 Coolidge rd. died at Choate Memorial hospital in Woburn following an automobile accident early Sunday morning.

According to police he suffered a fractured skull and other injuries when his car went out of control and overturned several times, after striking a curb.

His family was summoned to the hospital by local police.

Drama Club To Present Famous Marquand Play

On February 10, 11, 12, "The Late George Apley" by John P. Marquand, will be presented by the Arlington Friends of the Drama as its third major production of this season.

Marquand's dramatization of Boston and Bostonians in the 1912 era is an excellent story. Mr. George Apley is tremendously concerned with tradition, dignity, protocol, culture, and the love affairs of his children.

The rest of the Apley family are concerned with these things, more or less, as the case may be. The scenes are humorous, the situations are provocatively funny, and the dialogue that completes these scenes makes for a good play.

Dr. Volta Hall as George Apley, Edythe Avery as Catherine Apley, John O. Parker as Roger, Warren Lindberg as Mr. Dole, Philip Burt as Henry, Trixy MacCormack as Margaret. These people are among the fine acting crew that compose the members of the club. All are experienced. All have long lists of excellent portrayals to their credit.

Milton C. Paige Jr. as Howard Boulder, Virginia Walker as Amelia, Susan Erickson as Jane, William Roderick as Wilton, Betty Center as Agnes, Florence Barnes as Eleanor Apley, and George A. Moors as Horatio, have been seen more recently, either in leads or excellent supporting roles.

New members to the Friends stage are Agnes Grace, Bernadine Brooks, and Kevin Rooney. Rooney has appeared in productions elsewhere, and his debut on the Friends stage is happily awaited.

Mr. William Casey is the director and is well-versed in theater. As writer, actor and director, he is acquainted with all types of plays. His list of roles well done is a long one and he is ably suited to pilot this excellent comedy.

Ed Kneupfer and Henry Szafarz, together with the talented stage crew, have done much research in order to design an authentic setting for the play.

Barbara Horrigan is gathering costumes and Ann Robinson and her property committee are scurrying about to complete the job.

The forces of the club are again working together to produce a play that will be a source of a good evening's entertainment in "The Late George Apley".
